

Time Trial Ride

This is your chance to unleash that inner speed demon in you. Our Time Trial Ride is not your ordinary everyday tour. Start at Rossland & Country Lane and ride a 7 km warm-up to the start line at Winchester and Coronation Rd. From there each rider will start their trial against the clock, you will ride on your own south down Coronation Rd. to Taunton where you will round the orange pylon and head back to the start line as fast as you can. Riders will start at 2 minute intervals. This is a lot of fun and your time will be stored and compared with the Time Trials from the spring. It is a 7.8 KM sprint on a very good road. There will be a short ride following the time trials with a stop at the White Feather Cafe for snacks. For the riders not wishing to compete in the trials, we still urge you to come out and cheer on

your compatriots in a great event. If you would just like to do the ride, you can start 1 hour after the 9 AM start and meet us at Winchester/Coronation.
